Brand New Book ***** Print on Demand *****.Although democracy is becoming the prevalent and acceptable form of governance in such Sub-Saharan African countries as Nigeria, there is need to understand the domestic dynamics under which electoral competition influences the quality of leadership and national development. The major purpose of the book is to explore and explain the circumstances under which elections play crucial roles in the job performance of elected political elites and its effects on the development of Nigeria. There are obvious linkages between the basic political values of a democratic state and the leadership performances of elected officials, as well as its national development. The effects of the interactions of unethical political behaviour and sluggish improvements of the already poor national development are evident in Nigeria. In comparison with other African and Asian countries, Nigeria at its independence, had dynamic public institutions, competent professionals, and a vibrant civil society; and was considered the phoenix of African hopes 1. Contrary to expectations, Nigeria has remained a nation-state, which by all democratic and leadership criteria, performs poorly in comparison with similar nation-states in Sub-Saharan Africa. Although the colonial legacies constitute part of Nigeria's political and developmental problems, it still remains unfortunate that, unlike Malaysia, Indonesia, and India with similar legacies, Nigeria has been unable to formulate policies that promote national integration and effective leadership. The problem of economic underdevelopment in Nigeria is, therefore, more complex than the effects of such exogenous factors as colonialism. Obviously, the authoritarian military regimes, which interrupted elected democratic regimes through coups d etat, have impeded the political development processes. Even the so-called democratic regimes have been simply electoral dictatorships that combined regular elections with a number of...
